PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student graduating in 2027 with knowledge of Python, C, Java basics, data structures and algorithms, and object-oriented programming. Developed academic web applications using Django, REST APIs, and databases. Interested in software engineering, debugging, software testing, and building reliable applications.

TECHNICAL SKILLS

Programming Languages: C, Python, Java (basic)
Web Development: HTML, CSS, JavaScript, React
Framework: Django (basic)
Computer Science: Data Structures and Algorithms, OOP, DBMS, Operating Systems
Development Tools & Concepts: REST APIs, Backend Development, Git, GitHub, SDLC fundamentals
Testing: Debugging and manual feature/workflow testing through academic projects

PROJECTS

Food Delivery Web Application

- Developed backend functionality using Python and Django.
- Implemented database operations using Django ORM and MySQL.
- Checked key application features, investigated errors, and debugged issues to improve reliability.

E-Commerce Web Application

- Implemented user authentication and shopping cart functionality.
- Built reusable application components and database operations.
- Checked user workflows and fixed bugs found during development.

EDUCATION

B.Tech in Computer Science Engineering — **2027**
Sai Rajeswari Institute of Technology — CGPA: 7.24 (pursuing)

Intermediate (MPC) — **2023**
St. Joseph's Junior College — 70.4%

SSC (TG) — **2021**
A.P. Model School, Madhapur, Hyderabad — CGPA:9.5

ELIGIBILITY

Graduation year: 2027 | CGPA: 7.24 | Backlogs: None

CERTIFICATIONS & ACTIVITIES

- Sustainable Energy Technology — NPTEL.
- Technoholix — College Coding Program, 2024 and 2025.
